This young and modernly appointed Boarcruiser 14.40 Elegance was launched in December 2022. It is offered by its first owner, who has spared no effort or expense. The Boarcruiser 14.40 Elegance is built with an eye for detail and ease of use. Its aesthetic is modern and light, yet due to its layout, choice of materials, and high level of finishing, it feels warm and luxurious.

Upon stepping aboard, you enter the generous open cockpit, covered by an extended steel roof and fitted with a premium cockpit tent with integrated storage (CanopEasy). From the cockpit, you proceed on one level inside through four folding doors, each fitted with an integrated pleated insect screen. On board you'll enjoy underfloor heating and forced-air heating, two operable side windows, and a large electric sliding roof. The entire floor is finished with a stylish Bolon synthetic floor.

The salon is bright and spacious, with ambient lighting, ample storage, a wine cooler, dishwasher, refrigerator, Sonos sound system, and a Samsung TV on a lift. A chic dinette with an electrically adjustable table also doubles as an extra berth. The high quality of finish continues in details such as the Getacore worktop with inset ceramic hob and the pleated curtains in the salon.

Via an elegant spiral staircase with integrated lighting and wall cladding you reach the owner's stateroom, with a king-size bed, luxury finishes, and its own en suite bathroom. Forward is a guest cabin, also with its own bathroom, a separate toilet, and an opposite double escape hatch. Both bathrooms and the toilet feature Getacore floors. On the foredeck is a generous sun deck with two adjustable sunbeds and two stainless steel storage lockers for fenders. Ahead of that is comfortable seating with the option for open-air steering. The external helm station is equipped with helm control and Volvo Penta EVC throttle levers. Additionally, there is a Dockmate remote control, which operates not only the bow and stern thrusters but also the engines, ideal for comfortable and precise maneuvering.

Aft is a spacious garage, hydraulically opened via a transom door, with direct access to the well-organized engine room. This remains accessible without disturbing the cockpit. Propulsion is by two powerful Volvo Penta engines with fixed propeller shafts, indirect cooling, flexible mountings, water-lubricated shafts and 4-blade propellers. For added safety there is a FirePro fire suppression system in the engine room.

Finally, the yacht is fitted with a central vacuum system, an extended swim platform of approximately 40cm, walkaround decks and emblem lighting, a deck wash pump, sunscreens for the windshield, sides, and cockpit (in 4 sections), a Miele washer/dryer, horizontal blinds in both cabins, a stainless steel electro-hydraulic folding mast, and numerous polished stainless railing parts and cleats. The air draft with mast folded is approximately 4,05m. Engine service and Kabola servicing were recently carried out in 2025.

For questions and/or to make an appointment, you are welcome 7 days a week at Elburg Yachting.
